

## Benefits of EACH Membership

**OUR MISSION:** *Employers' Advanced Cooperative on Healthcare is committed to arrange and promote programs and activities designed to benefit employer/employee provided healthcare; to promote access to and information about quality healthcare thereby enhancing the general health of the community.*

### **Networking**

*Discuss healthcare concerns, best practices, successes, and lessons learned*

- Opportunities to participate in EACH leadership through regular meeting and strategy sessions
- Connect regionally and nationally with employers and stakeholders

### **Leverage Purchasing Power**

*Access to cost-saving solutions created by employers for employers*

- Discounted pricing on Pharmacy Benefit Management integrated with evidence-based medicine
- Access to pertinent data on healthcare costs & quality indicators
- Participate in Coalition led research projects – the most recent is a study about specialty drug spend on the medical plan versus PBM
- E3 Diabetes Supply discount program and health coaching
- Edison Smart Care Centers discount pricing

### **Member Education & Support**

*Keep your finger on the pulse of healthcare*

- Forums to learn more about employee health concerns and their impact on employers and the healthcare system
- Keeping current on and discussing legislative healthcare issues on both a state and national level and to communicate to legislators the employer's perspective
- Participation in surveys as determined by members' information needs
- Access to resource library of audio tapes, health care studies, statistics, and guides to specific employer concerns
- Attend healthcare conferences and Webex through the National Alliance of Healthcare Purchaser Coalitions (at a discount)
